

Full Stakeholder OCP Training Webinar Question & Answer August 27, 2014 (Late Session)

Q: What can I say to my clients regarding how safe the data is? This is the most sensible point.

A: Great question! Security is our number one priority! Instead of writing all the security measures here, please review our FAQ page on ocp-info.fsc.org, under "Safety" and "Legal Considerations; Data Privacy; Competition". We will also be creating a new tab on that website specific to Safety, which will be visible within a few days.

Q: Does the FAQ also exist in other languages?

A: Yes, the FAQ is available in English, Spanish, Chinese and Japanese. We will be adding more languages as requested.
