

Change Your OCP Language

Welcome to the Online Claims Platform

FSC International and Historic Futures are pleased to announce that the OCP is available for test and we are very interested to hear your feedback.

OCP stands for Online Claims Platform. It is a platform for FSC certificate holders, where transactions of FSC certified products are recorded. In short, the customer of FSC certified products enters the FSC claim from their suppliers invoice into the OCP. These entries are then confirmed by the suppliers, ensuring that the claim is agreed as accurate by both parties.

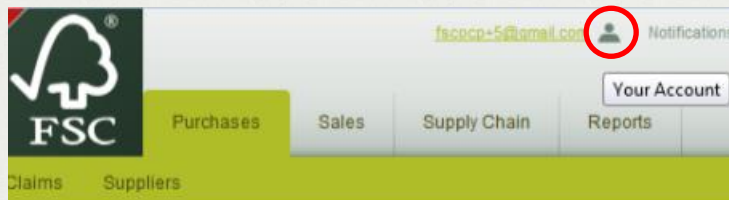

This **Quick Guide** provides the instruction you need to be able to change your OCP language.

To get a full **User's Manual** please click [here](#).

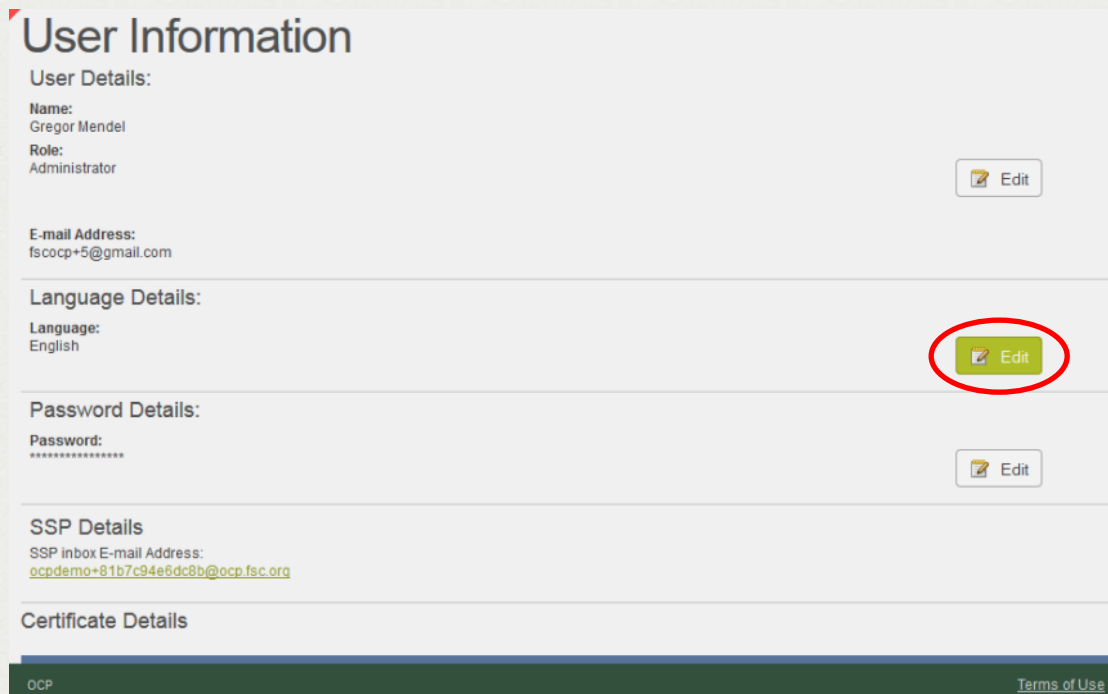

For more background on the OCP, please go [here: ocp-info.fsc.org](http://ocp-info.fsc.org).

Change Your OCP Language

- Navigate to “Your Account”:

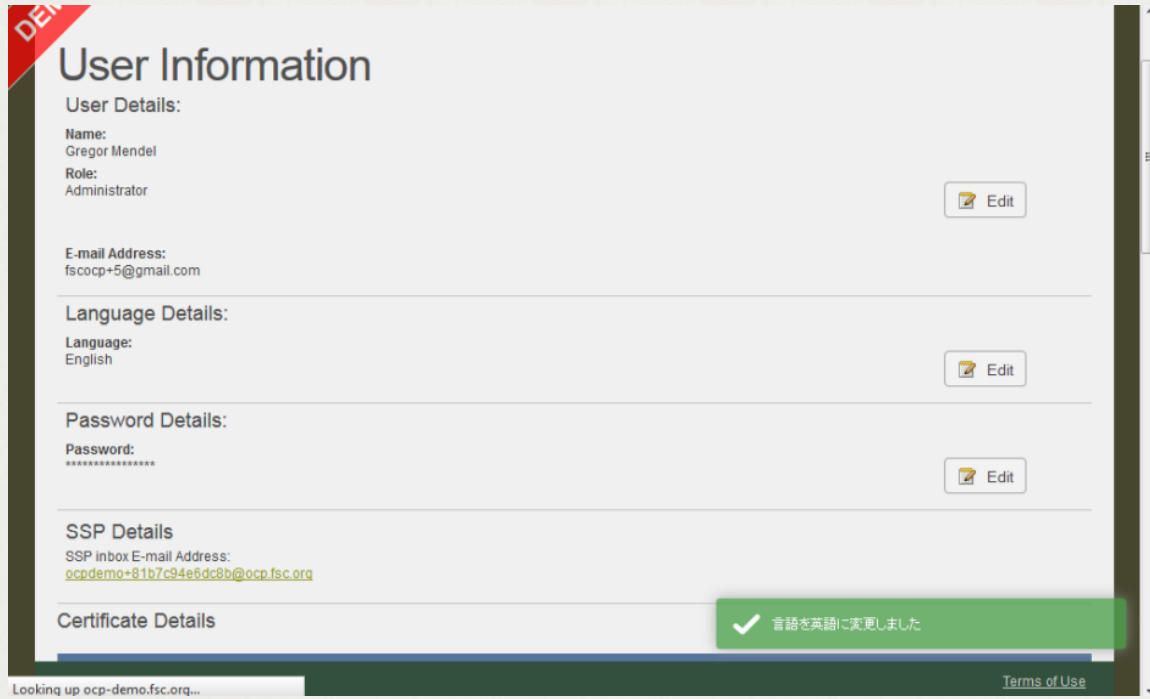

- Choose “Edit” from “Language Details”:

- Select the language of choice:

- If language does not change on your current page, refresh your screen or open the page in a new tab.
